

CULTURAL CAPITAL AT LEVERTON CHURCH OF ENGLAND ACADEMY

At Leverton C of E Academy we believe that all children should be able to live a 'life in all its fullness'. We provide a range of opportunities and experiences that we believe will help enrich their lives and enable them to flourish. Opportunities have been organised and planned according to the needs of our children and our locality which consider a range of themes and genres. We hope that by providing children with experiences based on art, music, dance, sport and religious buildings we will be able to inspire children to the possibilities that are available to them. Consideration has been taken into the modes of transport they will encounter, the types of places they visit and the sports they can participate in as they move throughout the school.
